Notes:

(1) In 1993/94, there were 916 Elementary Ungraded and 929 Secondary Ungraded students in B.C.; in 2003/04, there were 852 Elementary Ungraded and 296 Secondary Ungraded students in B.C.

(2) The Independent School Act defines an independent school as a school that is maintained and operated in British Columbia by an "authority" that provides schooling or an educational program to 10 or more school-age students.

(3) Students are counted if they are enrolled in a BC independent school on September 30th.

(4) Student populations are calculated by headcount.

Notes:

(1) For the 2002/03 school year, one independent school with 17 Aboriginal students in 2001/02 and 25 in 2003/04 has been removed from the Independent Aboriginal total count (due to data submission error, the entire student population was mistakenly reported as Aboriginal).

(2) An aboriginal student is a student who has self-identified as being of Aboriginal ancestry (First Nations: status and non-status, Metis and Inuit).

(3) A person will be counted as Aboriginal ancestry and Status Indian living on reserve if they checked the box in the Student Data Collection Form 1701.

(4) Status Indians are Aboriginal people who meet the requirements of the Indian Act and who are registered under the Act.

Notes:

(1) Ratio calculated by dividing the number of September 30th FTE Enrolment by FTE educators.

(2) FTE stands for "Full-time Equivalent". For each enrolment and educator, it represents the proportion of full-time.

(3) Educators include teachers or administrators employed by a public school board in B.C. and reported in School Data Collection Form 1601.

(4) Teachers include: Regular Classroom Teachers, Department Heads, and Teachers who have administration duty but not Department Heads.

(5) Administrators include: Directors of Education, Supervisors of Instruction, Teacher Consultants, Co-ordinators, Helping Teachers, Other Institutional Supports, Testing & Assessment - Professional Staff, Vice Principals, and Principals.

(6) If an educator is registered in more than one school, the educator will only be counted once.

Notes:

(1) Includes enrolments from Kindergarten to Grade 7 and elementary ungraded.

(2) Excludes home-schoolers and students younger than school age.

(3) Elementary school class size is the number of elementary divisions reported on form 1601.

(4) On January 28, 2002 amendments to the School Act (Bill 28) enshrined class size in legislation. Strict class size limits are in place for Kindergarten to Grade 3, and for Grade 4 through 12 district-wide class size averages have been enshrined.

Notes:

(1) The number of English as a Second Language (ESL) students dropped between 1998/99 and 1999/00 because of a change in funding policy. Starting in 1999/00, public ESL students were funded in the supplemental ESL funding category up to a maximum of 5 years. Previous to this, there was no maximum. Funding for ESL services for independent school students is included in the regular operation grants issued to independent schools.

Notes:

(1) A Career Program includes Grade 9 - 12 students enrolled in Career Preparation, Co-op or Apprenticeship.

(2) In 2001/02, funding for career programs was integrated into the block funding.

(3) Beginning with 2002/03 school year, funding for career programs has been combined with the general operating grants as part of the student-based allocation provided to School Boards. This gives School Boards the autonomy and flexibility they need to meet students' needs and local priorities.

Notes:

(1) A home-schooler is one who is taught by parents or guardians at home. Home-school programs are not funded or accredited by the Ministry because parents choose the curriculum and learning resources.

(2) No official report is required. Parents may educate their children at home, but they must provide each school-aged child with an "educational program".

(3) Parents must register their home-schoolers by September 30th each year with: i) a public school in the school district where the parent resides, or with ii) a francophone school in the francophone district where the parent resides, or with iii) an independent school.

Notes:

(1) Long Term Provincial Resource Program (PRP) are for students, who, for health or other reasons, cannot attend a regular school. These programs are intended to assist districts to meet the educational needs of students in exceptional circumstances. Some of these programs are operated in co-operation with other provincial ministries, including Attorney General, Health, and Social Services. PRPs enable students to continue learning while in hospitals, treatment centres or containment centres. Other PRP facilities provide specific services for students with special requirements throughout the province, either on an outreach basis or within a provincial centre. Students are in Long Term PRPs for over 3 months.

(2) Includes Long Term Provincial Resource Programs (facility code 07) as defined in the School Data Collection Form 1601.

(3) In addition to revenue items identified by school boards when establishing their budgets, there are a number of grants provided by the Ministry of Education for other specific purposes. These include: Learning Resources; Provincial Resource Programs; Distance Education Schools; Accreditation; and Technology.

Notes:

(1) Completion Rate calculates the proportion of students who graduate with a Dogwood Diploma within six years of starting Grade 8 for the first time in a BC public or independent school.

(2) It is not possible to compute the completion rate for SD 093 as there is no way of accurately calculating the movement of student across districts based on geographic location.

Notes:

(1) "Msk" (abbreviation for Mask) indicates that the cell is based on fewer than five students and has been masked to comply with provisions of the Freedom of Information and Protection of Privacy Legislation.

(2) It is not possible to compute the completion rate for SD 093 as there is no way of accurately calculating the movement of students across districts based on geographic location.

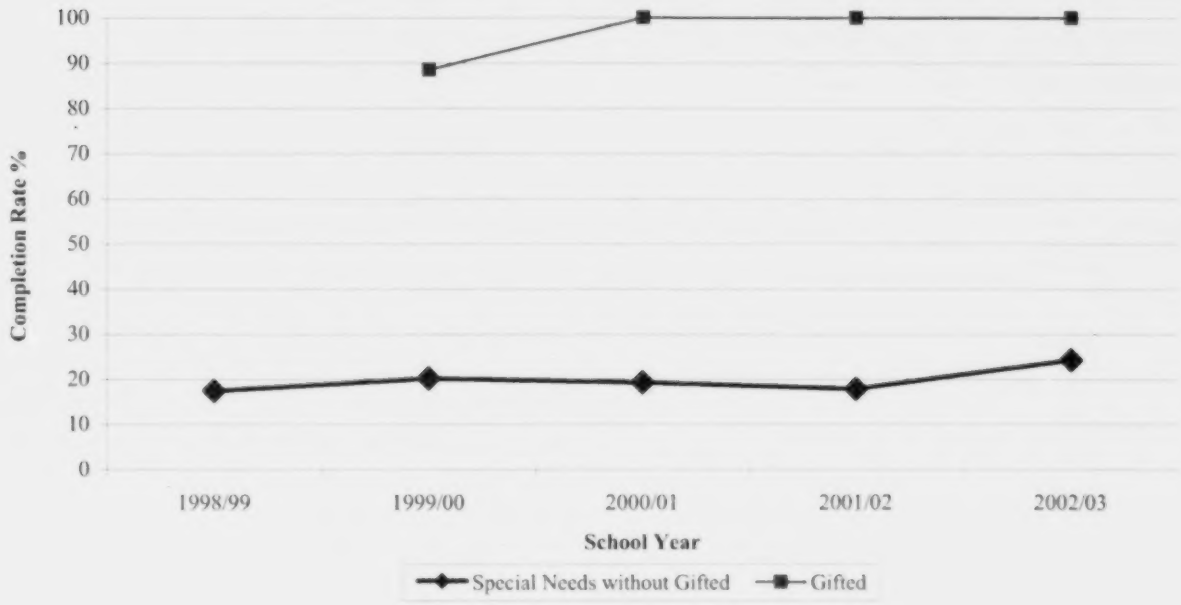
Six-Year Dogwood Completion Rate - Special Needs Students (Public and Independent)



School Year	Students Completion Rate (%)	
	Special Needs without Gifted	Gifted
1998/99	17	
1999/00	20	88
2000/01	19	100
2001/02	18	100
2002/03	24	100

Notes:

(1) Completion Rate for Special Needs students is the proportion of Special Needs students who graduate with a Dogwood Diploma within six years of starting Grade 8 for the first time in a BC public or independent school.

(2) It is not possible to compute the completion rate for SD 093 as there is no way of accurately calculating the movement of student across districts based on geographic location.

(3) Prior to 1999/00 the gifted student completion rate cannot be calculated. Student-level information is required (reported on Student Data Collection Form 1701), and prior to 1999/00 this level of information was not available (gifted students were only reported on the School Data Collection Form 1601).

Notes:

(1) PISA is administered every three years but the results for the 2003 sessions were not available at time of publication.

(2) Students proficient at Level 3 are capable of reading tasks of moderate complexity, such as locating multiple pieces of information, drawing links between different parts of the text, and relating it to familiar everyday knowledge.

(3) Students proficient at Level 4 are capable of difficult reading tasks, such as locating embedded information, constructing meaning from nuances of language and critically evaluating a text.

(4) Students proficient at Level 5 are capable of completing sophisticated reading tasks, such as managing information that is difficult to find in unfamiliar texts; showing detailed understanding of such texts and inferring which information in the text is relevant to the task; and being able to evaluate critically and build hypotheses, draw on specialized knowledge, and accommodate concepts that may be contrary to expectations.

Notes:

(1) PISA is administered every three years but the results for the 2003 sessions were not available at time of publication.

(2) The boxes represent that if the test were administered again, the average scores within a jurisdiction would fall within this range 95% of the time; therefore, British Columbia is not necessarily different than Finland but British Columbia is different from Newfoundland.

(3) Vertical lines indicate the average score for the jurisdiction.
